

# 2025 PORK VARIETY BOX ORDER INFORMATION

At Train Whistle Farm, we are proud to offer two choices of **ethically raised** pork.  
We focus on happy, healthy livestock that bring **quality** to your table.

Our pork is available in “variety boxes” that allow you to enjoy a selection of cuts at a great value. Variety boxes are filled with a “farmer’s choice” of cuts. You can expect your variety box to contain an assortment of chops, roasts, hams, loins, ribs, bacon, and more.

Pork variety boxes are available for either KuneKune or traditional pork in a selection of weights to suit a variety of budgets, family sizes, and freezer spaces.

## Traditional Pork

---

We are happy to raise traditional and heritage pork breeds such as Berkshire, Tamworth, Landrace, and Duroc crosses. These pigs are raised outdoors in a separate area from our primary pastures, due to their natural rooting tendencies. These pigs live in a concrete-free environment, free to root for bugs and grubs. Our herd of traditional mixed breed pigs enjoy foraging, as well as a nutritionally balanced, **non-GMO** feed ration along with hay in the winter months.

## KuneKune Pork (*Available in 2026*)

---

**Sorry—not available in 2025.** A popular choice in 2024 and will be available again in 2026. We proudly offer quality pork from our stock of KuneKune pigs, a New Zealand heritage breed. “Kunekune” means “fat and round” in the Maori language. Kunekune pork is known for its tender, marbled meat. Often, it is referred to as “the other red meat” because of its scarlet colour. KuneKune pork cuts are typically smaller than those of traditional pig breeds, though markedly flavourful. KuneKune pork has more marbling and a larger fat cap than traditional pork. Our herd of KuneKune pigs enjoy a nutritionally balanced, **non-GMO** feed ration along with grasses and insects from their pastures, as well as hay in the winter months.

---

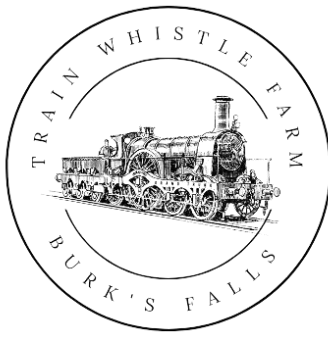

*No antibiotics. No hormones. No nonsense. Just naturally raised meats.*
